

CHEMICAL COMPANY

MANUFACTURER ALL KINDS OF ADHESIVE
AND CONSTRUCTION CHEMICALS

About US

Rockwall Construction Chemical Company has been Founded in 2013 with the aim of producing and supplying various types of concrete additives and chemical products for the construction industry. using the latest global technical knowledge and unique technical formulation ,focusing on advanced concrete additives, repair mortars, flooring materials, waterproofing nanotechnology, and construction adhesives. The creation of modern methods in the production of products, modern production lines equipped with modern technology, the use of experienced and committed experts, and the use of quality control laboratories have provided opportunities for the production of superior quality products in accordance with international standards. Conducting various research tests, continuous and effective quality control and cooperation with academic and research centers, the National Standards Organization of Iran,the Iranian Concrete Association, especially the building and housing research center of Iran, have made the products of this company have a favorable quality level. The company's products include the highest quality level for concrete operational uses and chemicals required for buildings and concrete structures.

Rockwall Chemical Products

Product categories

CONCRETE ADMIXTURES	3
CONCRETE ENHANCERS & DEFORMERS	4
TILE ADHESIVES	5
PREMIX MORTARS & PROTECTIVE COATINGS	6
WATERPROOFING SYSTEM	7
WATERSTOPS & JOINT SEALANT SYSTEM	8

CONCRETE ADMIXTURES

RW Admix 510

Water reducing plasticiseradmixture for concrete

RW Admix 510S

Water reducing plasticiseradmixture with set accelerating properties

RW Admix 510R

Water reducing plasticiseradmixture with set retarding properties

RW Crete NL 516

Mid-range, water reducing superplasticiserfor rheoplasticconcretes

RW Crete NL 516S

Mid-range, water reducing superplasticiserfor rheoplasticconcreteswith set accelerating properties

RW Crete NL 516R

Mid-range, water reducing, superplasticiseradmixture for concrete with set retarding properties

RW Cerete 520

High-range, water reducing, superplasticiserbased on modified polycarboxylicether for ready-mix concrete

RW Super Plast 522

High-range, water reducing, superplasticiserfor Self-consolidating concrete (SCC)

RW Super Plast 525R

High-range water reducing, superplasticiserwith good slump retention

RW Super Plast 525

High-range, water reducing, superplasticiserfor precast concrete industry with high early strengths

RW Power Gel

High range Additive for rheoplasticconcretes

RW Silica Gel -N

Modified silica fume gel additive

Rockwall Retarder

Setting retarder for cement bound building materials

RW Rapid Set

Alkali-free, high performance set accelerator admixture for concrete

Rockwall Shotcerete

Alkali-free, non caustic and non toxic high performance powder accelerator for drymixshotcrete

CONCRETE ENHANCERS & DEFORMERS

RW Air Plus

Air entering agent for concrete

RW Microsilica

Silica fume

RW Antifreeze

Cold weather concrete admixture

Rockwall Cure -W

Water based concrete curing compound

Rockwall Cure -S

Solvent based concrete curing compound

RW Form Oil -W

Water based chemical release agent

RW Form Oil -S

Solvent based chemical release agent

RW Fiber PP

Polypropylene fibers

RW Fiber PS

Synthetic & Polyolefin fibers

TILE ADHESIVES

Rockwall Tile Bond 500

Ready to use tile adhesives for inside laying

Rockwall Tile Bond 550

Ready to use pro stone and tile adhesive

RW Primoflex770

Swimming pools & water parks tile powder cement adhesive

RW Porcelain 700

Natural stone and porcelains powder cement adhesive

RW Tile Set 400

Powder cement adhesive for interior and exterior laying of ceramic wall and floor tiles

RW Tile Floor 300

Ceramic floor tile adhesive

RW C Bonding 100

Concrete bonding agent

RW Acrylic Admix 300

Water-based acrylic bonding and modifying admixture

RW Latex Admix

Multi use , water-based, latex bonding and modifying admixture

Rockwall Tile Grout

Special grouting compounds for joints

PREMIX MORTARS & PROTECTIVE COATINGS

RW Deco Repair

Single component polymer modified fairing coat, cosmetic mortar for concrete surfaces

RW N Repair Mortar

Cement-based repair mortar for concrete and walls

RW Soft Repair

Polymer fiber reinforced, cement-based repair mortar for concrete and walls

RW Hard Repair

Polymer fiber reinforced, Cement-based repair mortar

RW Pro Repair

Polymer fiber reinforced, Cement-based repair mortar

Rockwall N Grout

Non-shrink cementitious construction grout

RW Super Grout

High strength, non shrink cementitious construction grout

RW Epoxy Grout

High strength, free flowing epoxy grout

RW Conbex Grout

Expanding admixture for cement, grout and concrete

RW Hard Floor -p

Hard flooring system

RW Self-levelling

Self-levelling smoothing compound

RW AAC Block Bonding

Cement based premixed block adhesive

WATERPROOFING SYSTEM

RW Crystal Penetron

Crystalline waterproofing admixtures for concrete

RW Quick Plug

Water-stop cement

RW Super Shield 1400

Single-component, high strength waterproofing system for concrete surfaces

RW Super Shield 1200

Flexible, high strength, two-component waterproofing system for concrete surfaces

RW Waterproof -P

Waterproofing agents for concrete and mortar

RW Tar Primer -S

High solids protective coating based on bitumen rubber sealant carried in solvent

RW Tar Primer -w

High solids protective coating based on emulsified bitumen

RW Top Seal 100

Water-based hydrophobic agent

RW Super Seal 120

Silanebased hydrophobic agent

Rockwall Shine Coat

Solvent-based polishing cream

Rockwall Dryflex

White elastomeric roof coating

WATERSTOPS & JOINT SEALANT SYSTEM

RW Joint Sealants 300

High performance, elastomeric joint sealant

RW Joint Sealants 330

High performance hot poured fuel resistant elastomeric joint sealant

RW Joint Flex PU

Single component, polyurethane based, elastomeric joint sealants

Rockwall Waterstop

Flexible modified PVC bars waterstop

Rockwall Aquaphil

Hydrophilic joining strip

Head Office: First Floor, No. 465, Jalale al-e Ahmad Hwy,
Ashrafi-esfahani Blvd., Tehran, Iran
